~ HIES Data Capture System ~

8-10 APRIL 2019 | BANDAR SERI BEGAWAN, BRUNEI DARUSSALAM

BACKBOUND

The HIES 2019 system is a system developed by BPM for the use of extracting and processing HIES survey data in all DOSM / PO State. The HIES 2019 system will be used throughout the HIES & BA 2019 Surveys period from January to December 2019. The User Installation and Training session was held by January 13 till February 13, 2019.

OBJECTIVES

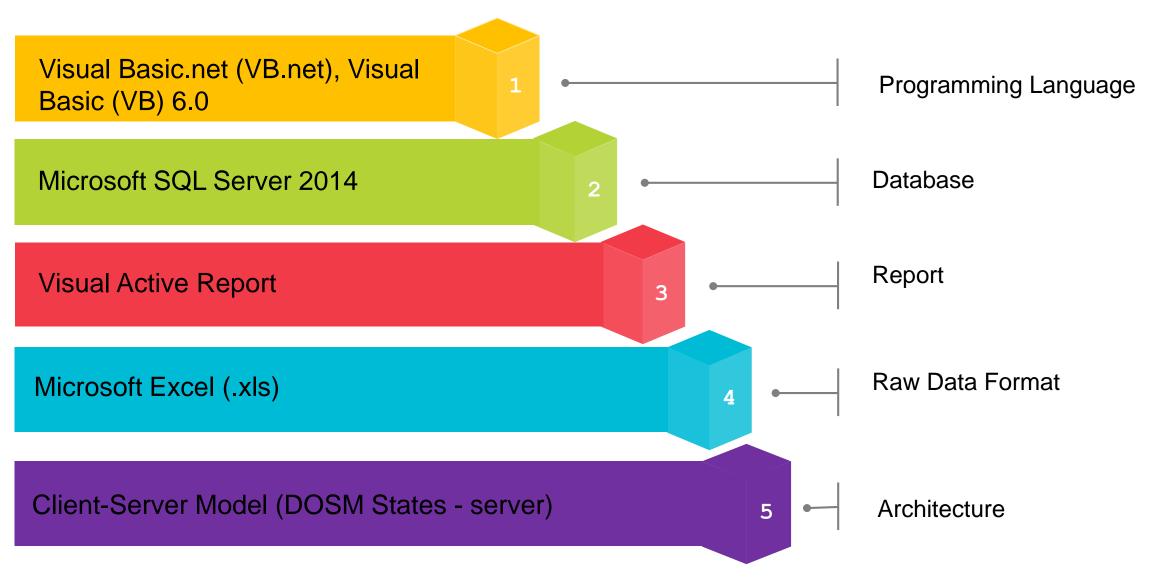

Assist the process of data extraction from the HIES & BA 2019 Survey questionnaire for sample 1 or 2 at DOSM States / Operation Offices;

- Perform a validation check process against data that has been captured;
- Provides facilities for updating data that is still error and requires correction;
- Helping supervisors to monitor data capture activities in their respective states;
- Provides facilities for supervisors to download raw data in excel form for other uses such as analysis at state level; and
