- **StatsDW:**
 - Situation in DOSM*
 - Implication*
 - Gap Analysis*
 - Development Justification*
 - Concept*

INTRODUCTION

Department of Statistic Malaysia as Producer of National Statistics Agency

Function:

- Under the "[Statistics Act 1965 \(Revised 1989\)](#)", the main functions of the department are: To collect and interpret statistics for the purpose of formulation or implementation of government policies in whatever fields as needed by the government or for fulfilling the requirements of trade, commerce, industry, agriculture or others
- To disseminate statistics which have been collected or interpretation based on statistics collected, not only to government agencies but also to authorities or persons where the information is useful to them

SITUATION IN DOSM

Data Management System in DOSM built and saved based on application and subject

Data is stored in-silo / stand alone.

Historical data (micro and aggregate) are stored separately in the Subject Matter Division respectively

Publications:
a. softcopy / hardcopy missing
b. stored in various locations

IMPLICATION

Limited data mining / harvesting

Less efficient data management

Data archiving is not systematic

GAP ANALYSIS

Development Justification:

CONCEPT:

One Stop Centre

Interactive

Access and Security

Users Oriented

Sharing

Standard

Flexibel

Thank You
